## Keep an eye on conditions that affect your vision

**Essential Medical Eye Care is included with DeltaVision<sup>®</sup> plans**

DeltaVision features Essential Medical Eye Care to help identify and treat health conditions such as dry eye, diabetic eye disease, glaucoma, and more.

### What's included with Essential Medical Eye Care?

- Fully covered retinal screening for members with diabetes. These high-resolution images of the inside of the eye are a non-invasive way to monitor diabetes.
- Exams and services to treat immediate issues like pink eye and sudden changes in vision.
- Treatment options to monitor ongoing health conditions such as dry eye, diabetic eye disease, glaucoma, and more.

This coverage is supplementary. If your VSP<sup>®</sup> Vision Care network doctor participates in your medical insurance plan's network, your medical insurance will be billed. You may be able to coordinate with your DeltaVision benefits to help reduce out-of-pocket costs. If your VSP network doctor doesn't participate in your medical insurance plan, you'll pay only your copay.<sup>1</sup>

Find a VSP network doctor at [vsp.com](https://vsp.com) or call 800-877-7195.

<sup>1</sup> \$20 copay for medical eye exams. Other covered services are covered in full, including retinal screening for members with diabetes. Log in to [vsp.com](https://vsp.com) to view your benefits.
